

Athermal AWG DWDM 100GHz Module

Part Number: F520-AAWGxx

Overview

AAWGxx is a combined passive 40/48 channel 100GHz DWDM multiplexer and de-multiplexer (MUX & DEMUX), It combines standard 100GHZ DWDM ITU grid channels 21 through 60, and Applies to F520 Series Chassis 1U, 2U and 5U, occupying 2 service slots .The AAWG40 is ideal for increasing the fiber capacity between two sites without the need for installing or leasing additional fibers. The complete passive solution requires no power cabling and no configuration; it is a true plug and play solution. The AAWG40 enables separation of the active equipment from wavelength multiplexing components. It is used in conjunction with active optical devices applied in C-band wavelength range with MAX expanding up to 40 channels.

Applications

- Metro DWDM distance extension
- Long-Haul transmission system

Features

- Channel spacing 100GHz (0.8nm) up to MAX 40 channels can be multiplexed
- High integration
- Low insertion loss $\leq 6\text{dB}$, typical 4.5dB
- High channel isolation
- Adjacent isolation $\geq 25\text{dB}$
- Non-adjacent isolation $\geq 35\text{dB}$
- Perfect indicator status
- Advanced network management feature : Support SNMP, CLI, WEB approach
- Full graphical management
- Support all F520 Chassis
- All Chassis support 19" Rack

Specification

Parameters	Min	Typ	Max	Unit
Channel Counts		40 / 48		
Channel Spacing		100		GHz
Channel Center Wavelength		C -band		nm
Center Frequency Accuracy		±0.05		nm
1 dB Passband	0.36			nm
3 dB Passband	0.6			nm
Insertion Loss Passband			6.0	dB
Adjacent channel isolation		25		dB
Non-adjacent,channel isolation		35		dB
Total Crosstalk		21		
Insertion Loss Uniformity		1.0		dB
Directivity (Mux Only)		45		dB
Insertion Loss Ripple		0.75		dB
Optical Return Loss		45		dB
Polarization Dependent Loss (PDL)			0.5	dB
Polarization Mode Dispersion (PMD)		0.5		ps
Maximum Optical Power		23		dBm
Operating Temperature		-10 ~ +60 °C		°C
Storage Temperature		-40 ~ +85 °C		°C
Relative Humidity	5 to 95% maximum, non-condensing			
Size	191(W) x 253(D) x 41(H)			mm

ITU Grid 100GHz Channels List

Channel	Central Wavelength(nm)	Frequency (THZ)
CH61	1528.77	196.1
CH60	1529.55	196.0
CH59	1530.33	195.9
